DESIGN GOAL

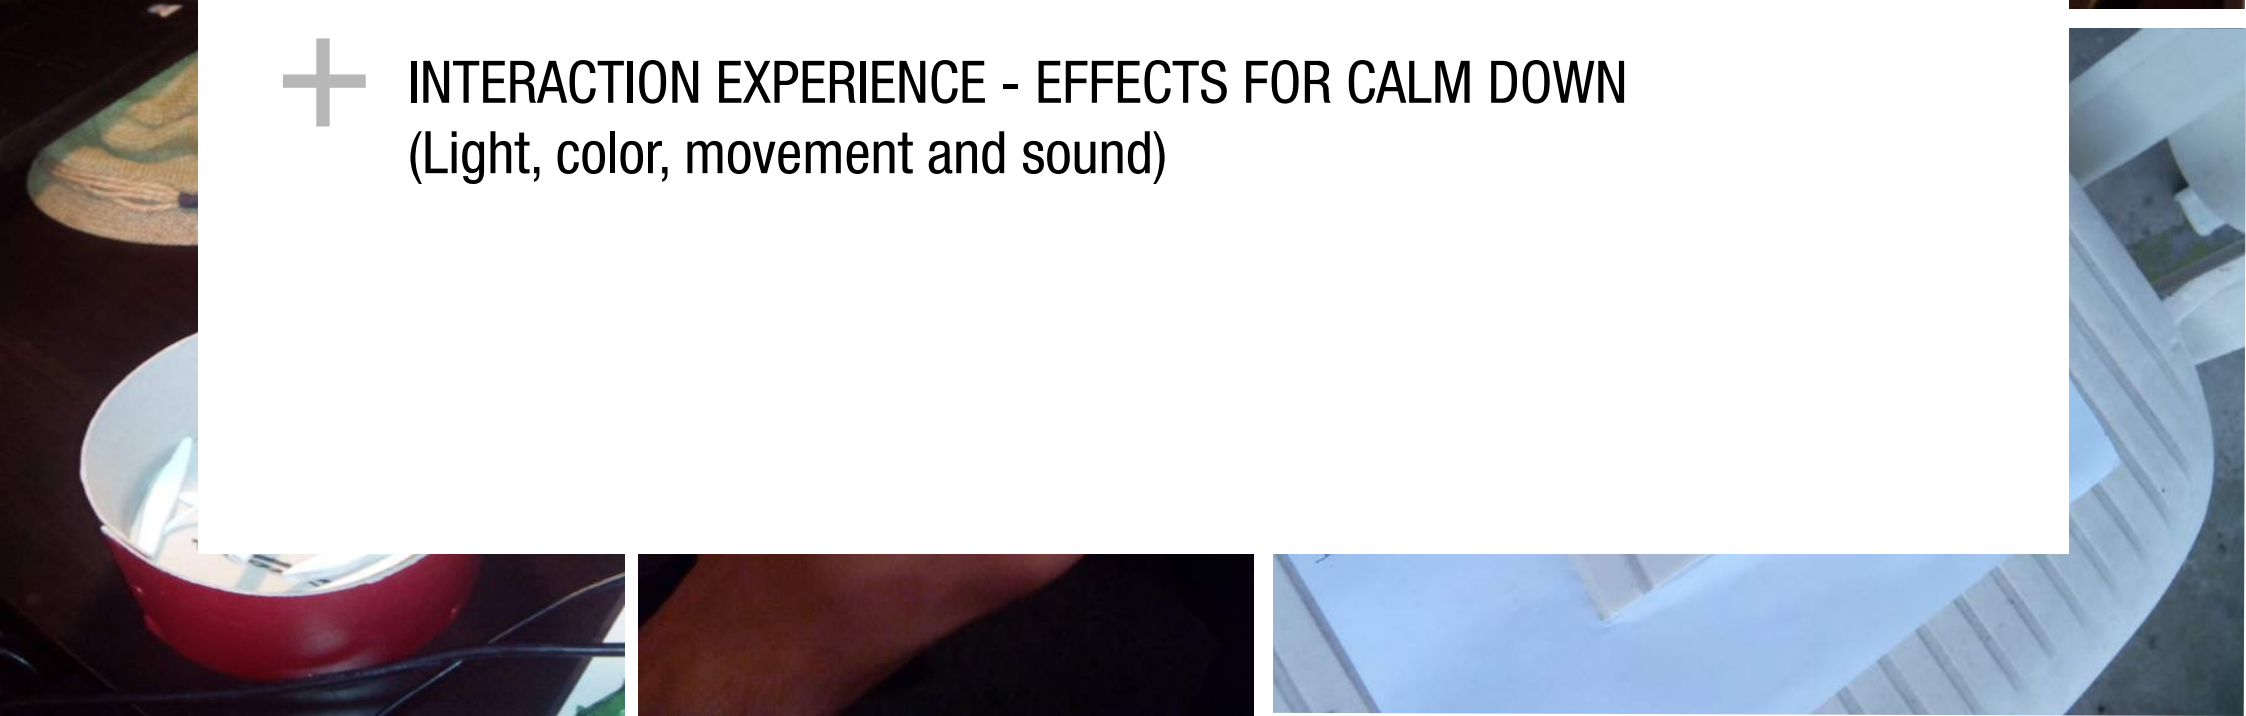

Help patients with anxiety disorders in first stages to overcome panic attacks in a natural, real and personal (emotive) way by a tangible media device.

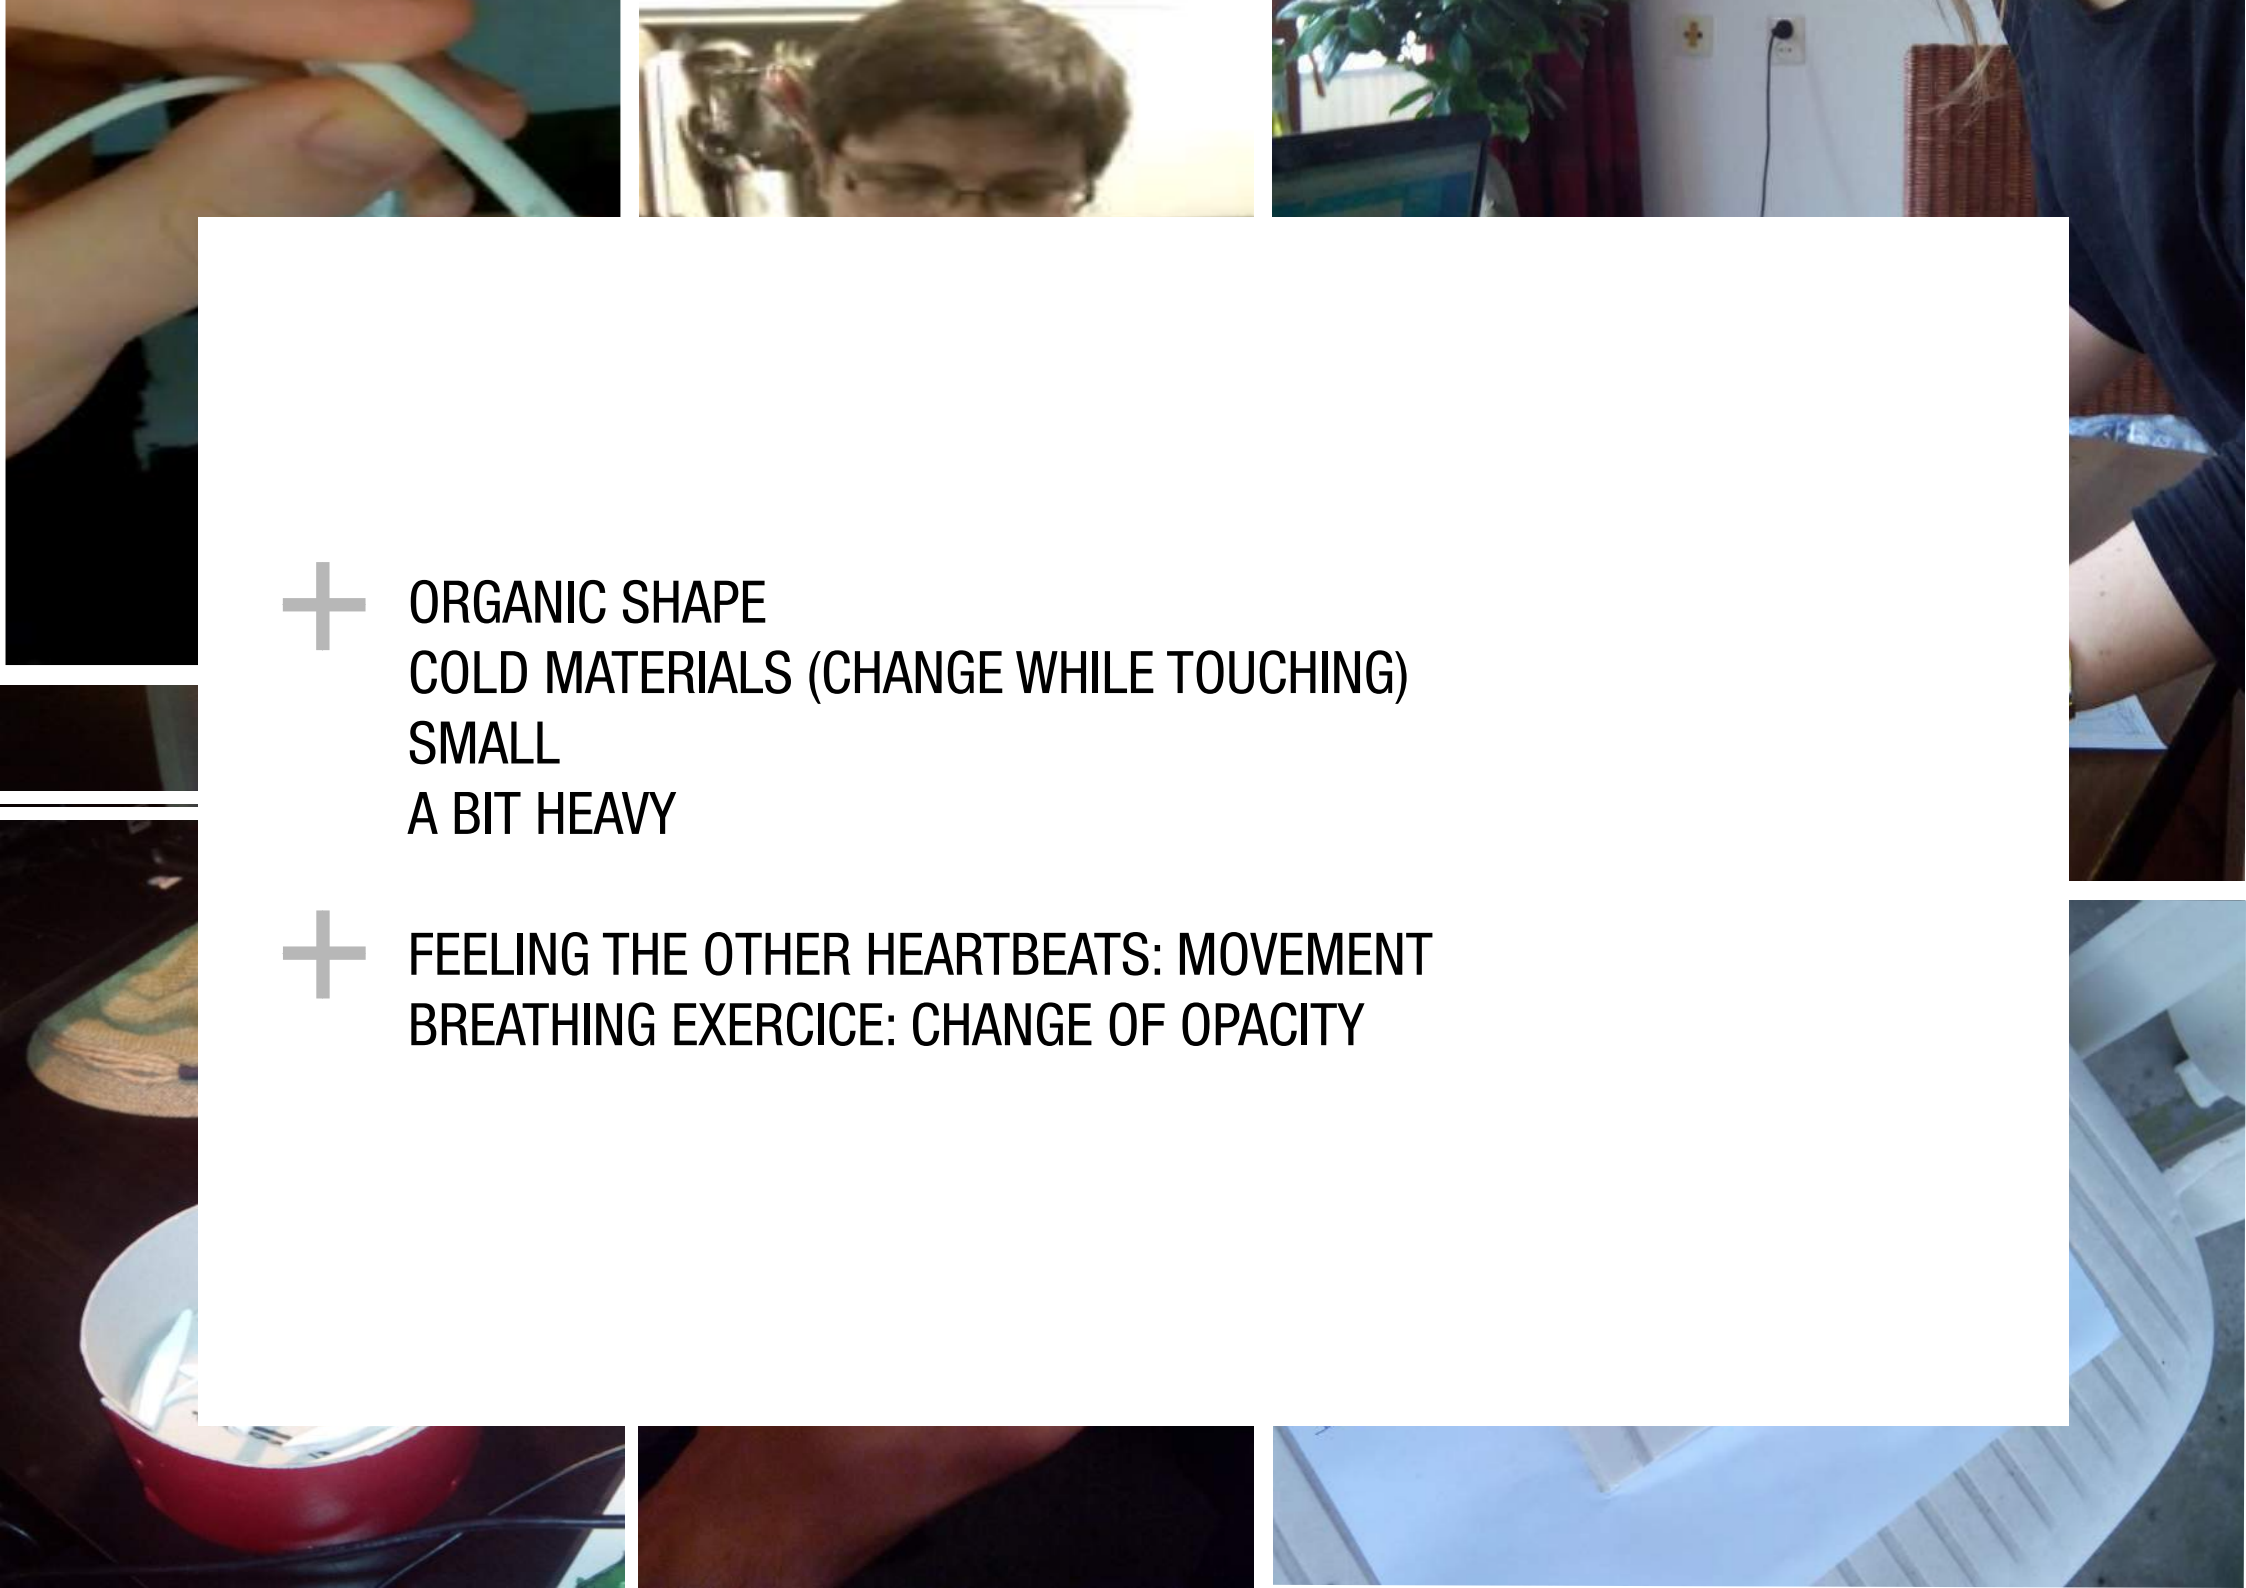

+ **SHAPE & MATERIALS QUALITIES** (size, texture, compacity, temperature and weight)

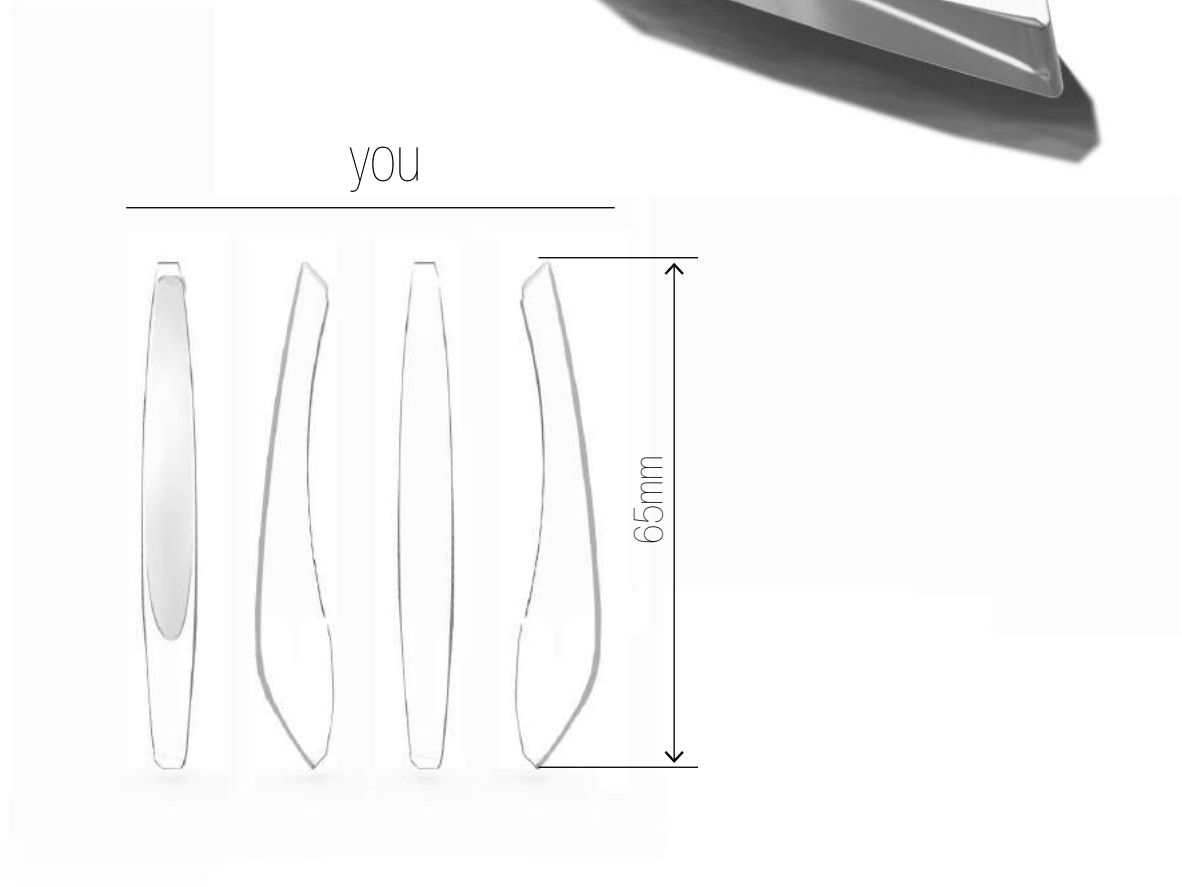

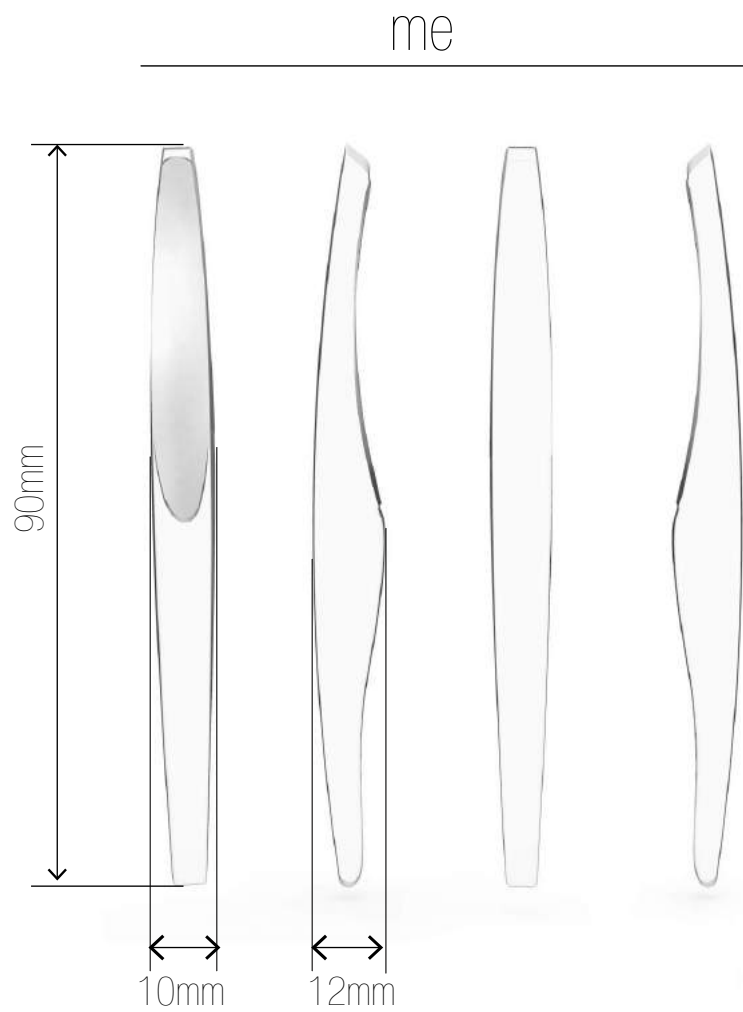

+ **INTERACTION EXPERIENCE - EFFECTS FOR CALM DOWN**
(Light, color, movement and sound)

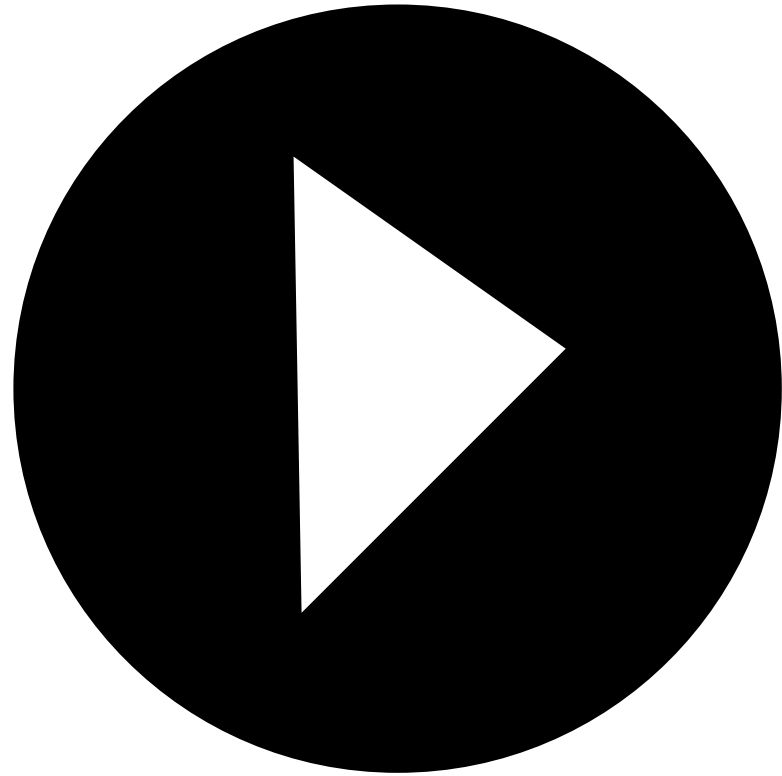

- 
- + ORGANIC SHAPE
COLD MATERIALS (CHANGE WHILE TOUCHING)
SMALL
A BIT HEAVY
 - + FEELING THE OTHER HEARTBEATS: MOVEMENT
BREATHING EXERCISE: CHANGE OF OPACITY

How is it

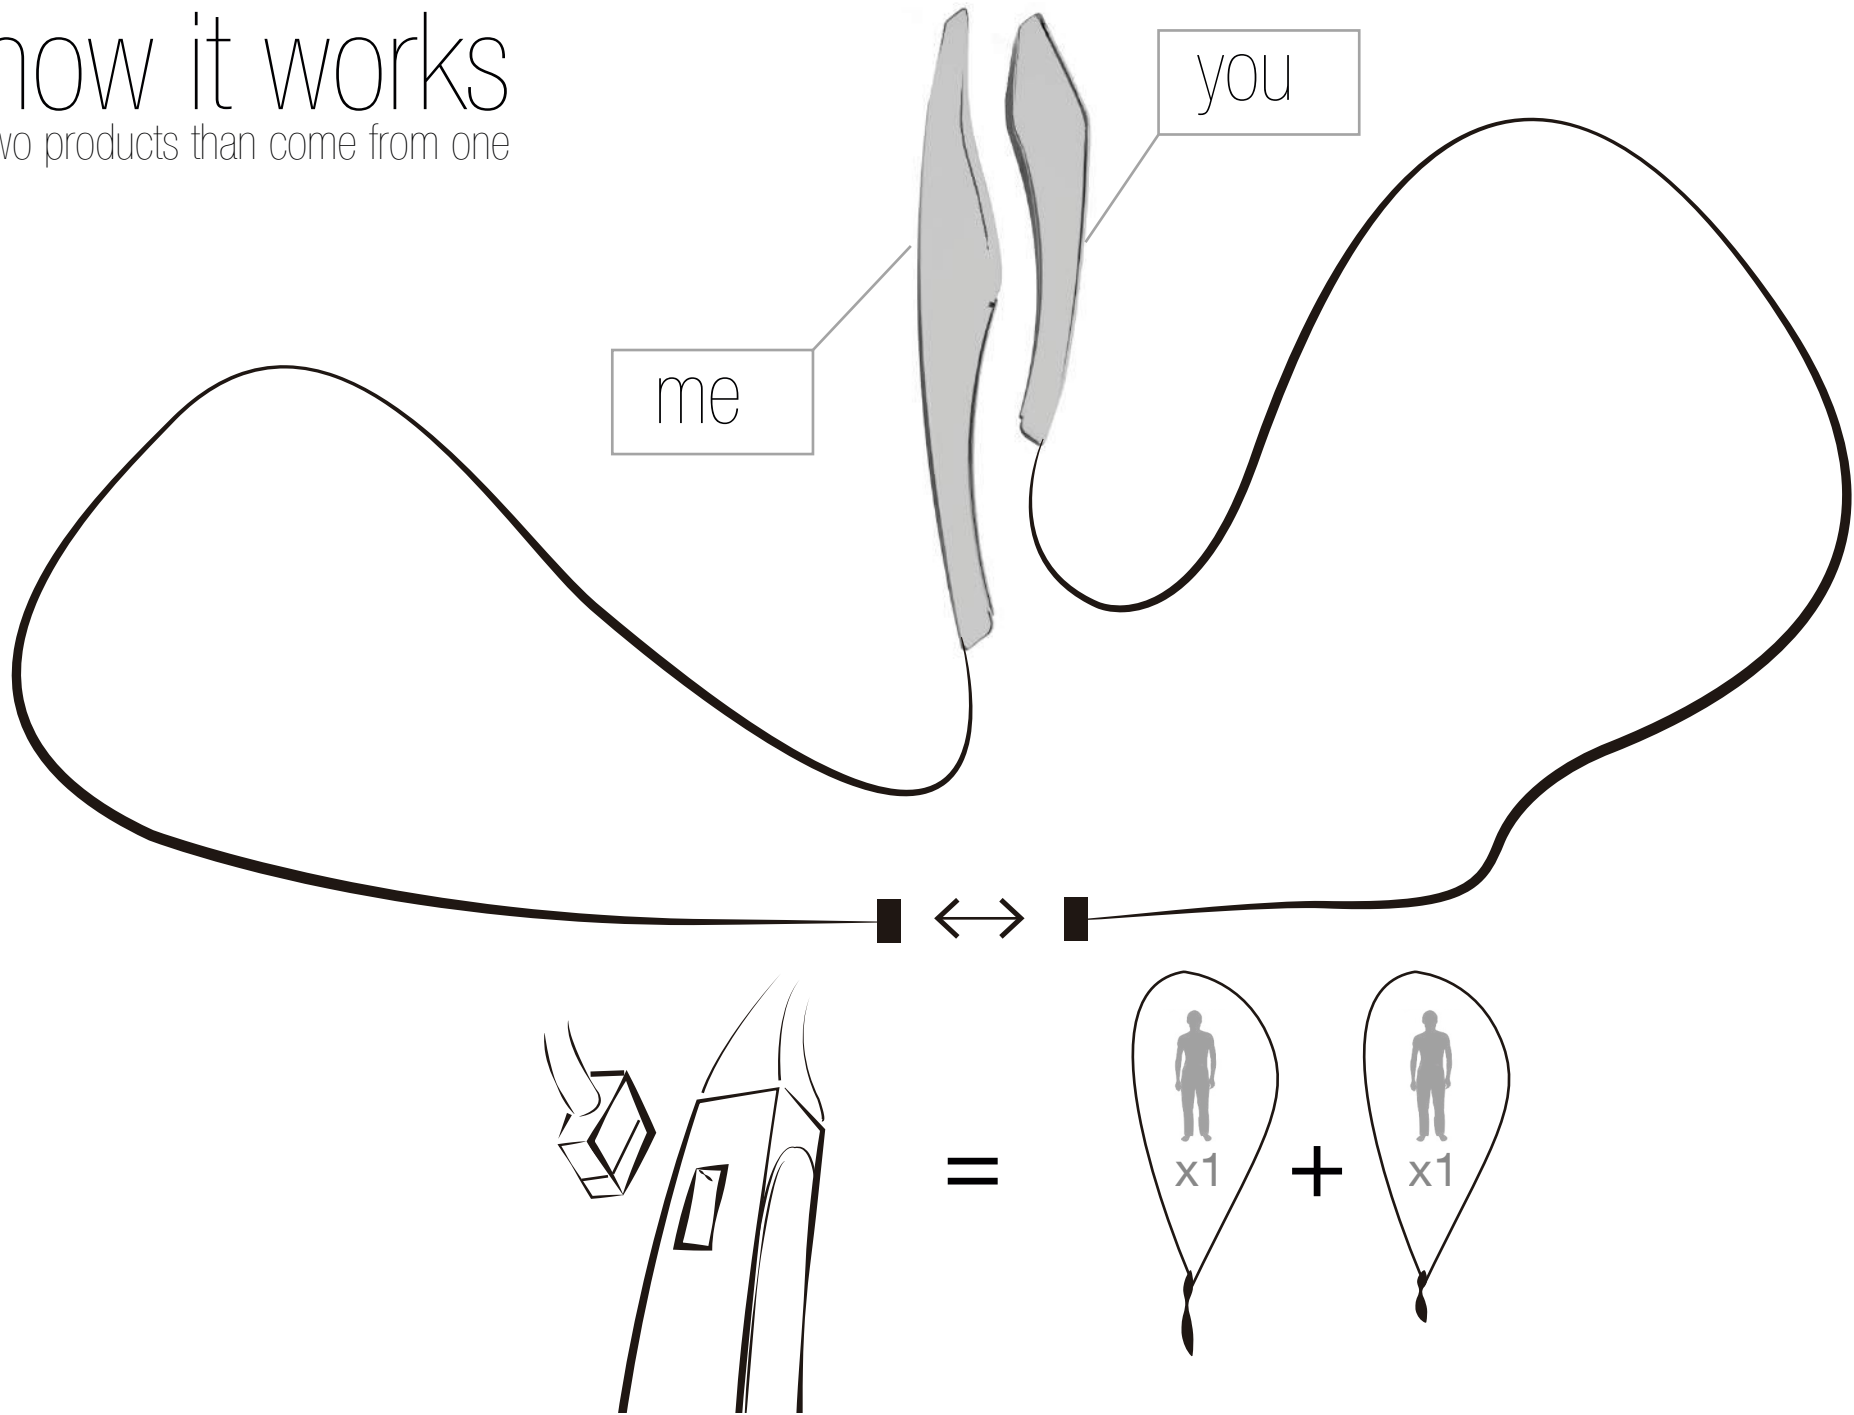

How is it

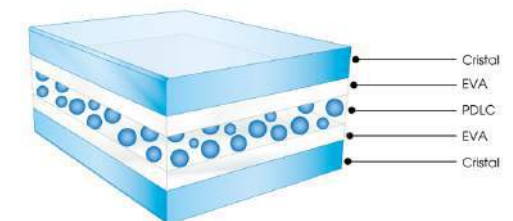

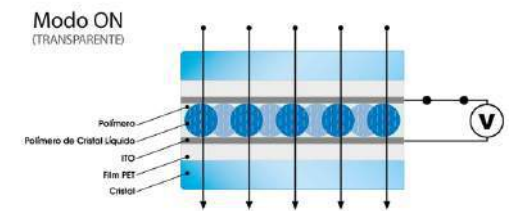

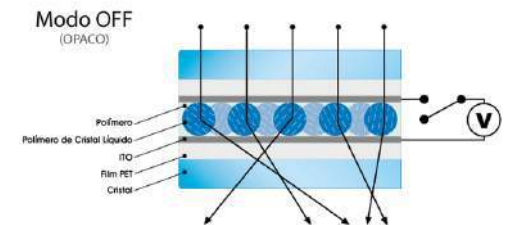

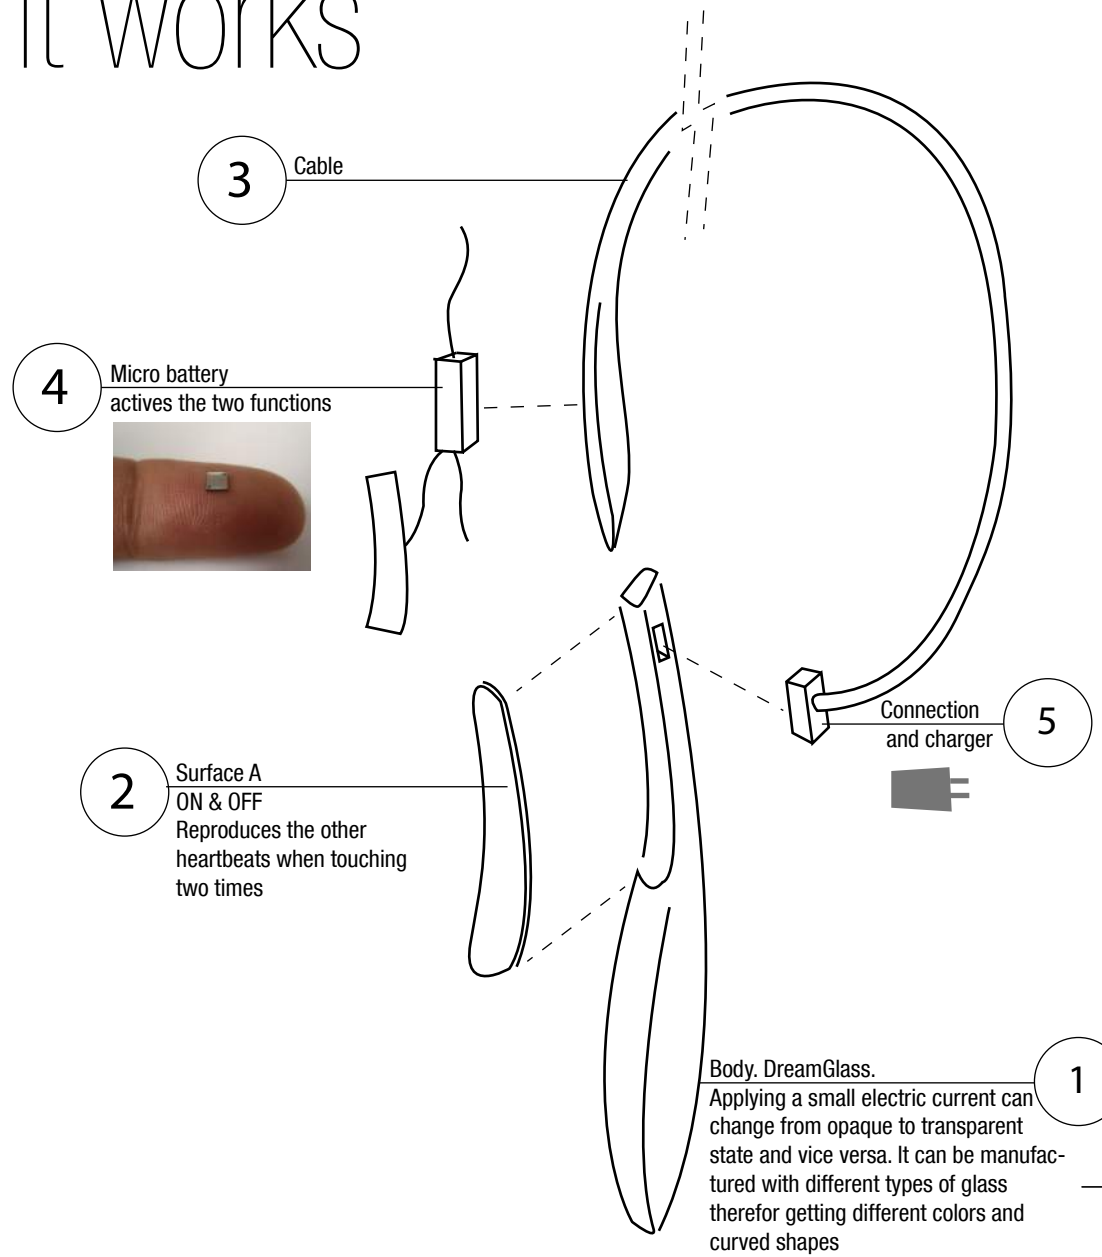

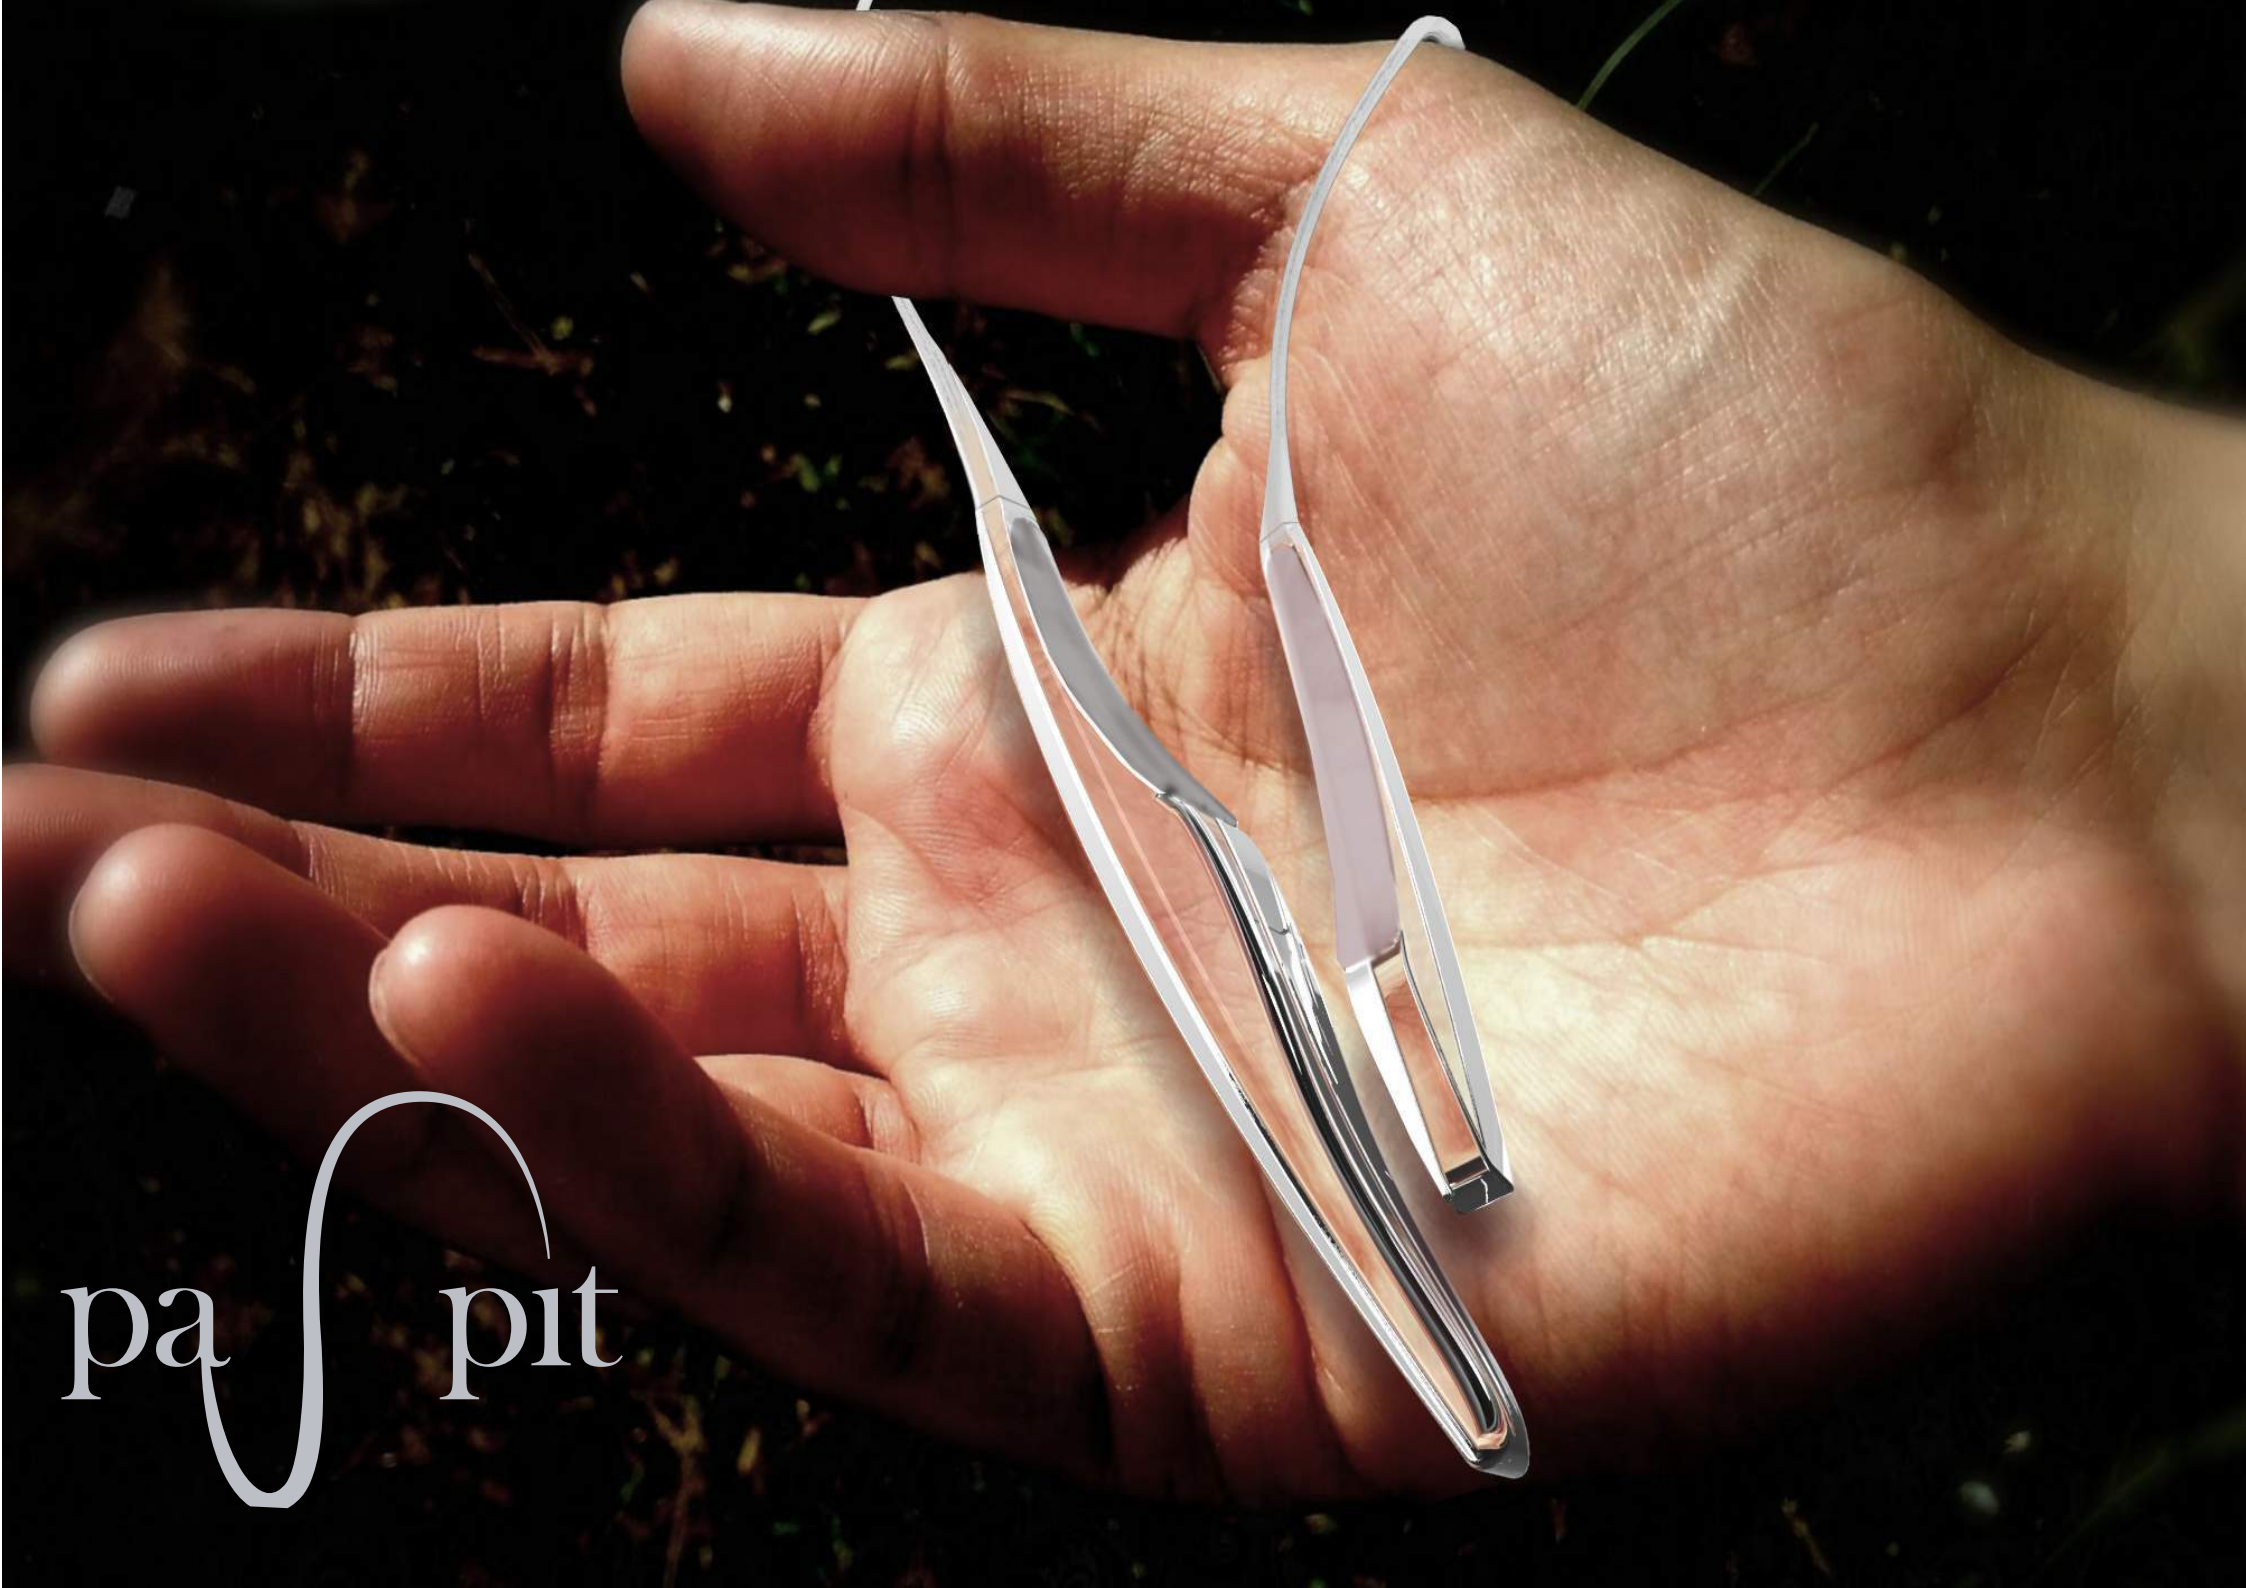

how it works

two products than come from one
